

3M™ Foodservice Water Filtration

### **Filtration fact:**

# Recipe Quality Water™ is better for business.

From the taste of your coffee to the clarity of the ice in the drinks you serve, the quality of the water you use affects the customer experience. Reducing impurities in your water not only helps make everything taste and look better, but it can also help keep your machines running more efficiently with fewer service calls. **Portfolio Overview** 

#### **3M Purification**

We have long been regarded as an industry leader in the design, manufacturing and marketing of water filtration products that help to provide solutions for today's everchanging water quality concerns. We are committed to providing innovative, cost-effective products that help protect people, equipment and our environment.

### **NSF Certified\***

The NSF mark is your assurance that 3M water filter products have been rigorously tested by one of the world's most respected independent certification organizations. NSF is trusted by consumers, manufacturers, retailers and regulatory agencies worldwide<sup>1</sup> to help protect the world's food, water, consumer product and environment<sup>2</sup>.

\*Select products. Please refer to NSF.org for complete listing.

1. www.nsf.org/about-nsf/nsf-mark | 2. www.nsf.org/about-nsf

#### 3M Science and Technology

3M™ Water Filtration Products are simple, effective and easy-to-install solutions for commercial foodservice applications. These systems are designed to meet the volume, water clarity and maintenance expectations of restaurant owners, fast food chain and convenience store operators, supermarkets, cafeterias and institutions.

For cold, brewed, ice and specialty beverages, or steamer, combi oven and other foodservice applications, there's a 3M solution that's ideal for you—including cyst and bacteria reduction, as well as filters especially constructed for water with high particulate matter.

### Get to Know H<sub>2</sub>O

### Increase your potential with dealer certification training.

Learn about water chemistry, water filtration, water treatment fundamentals and more with the 3M Purification Certification Program. Through four levels of certification, you'll get the tools you need to recommend, size, install and service water filtration and water treatment products in foodservice environments.

Visit 3M.com/FoodServiceTraining to register for classroom or online training.

#### Available on select models.

3M's long standing commitment to sustainable development through environmental protection, social responsibility and economic progress has resulted in 3M Purification being the first company to achieve Water Quality Association (WQA) Sustainability Certification under the new WQA Product Sustainability standards.

### Water filtration technology.

3M<sup>™</sup> High Flow Series with <u>Integrated Membrane</u> <u>Pre-Activated Carbon Technology ("I.M.P.A.C.T.")</u> provides excellent cartridge life and economy.

- Single-cartridge flow rates and capacities previously available only with three- or four-cartridge systems<sup>3</sup>
- ▶ Up to 12-month cartridge life
- Fast and easy cartridge change-outs with Sanitary Quick Change (SQC) encapsulated cartridge design
- Direct or easily adaptable connections to existing plumbing lines
- Certification to NSF Standard 53 for cyst reduction
- Reduction of 99.99 percent of waterborne bacteria¹
- Recipe Quality Water<sup>™</sup> for all commercial foodservice applications

Carbon block technology has more than

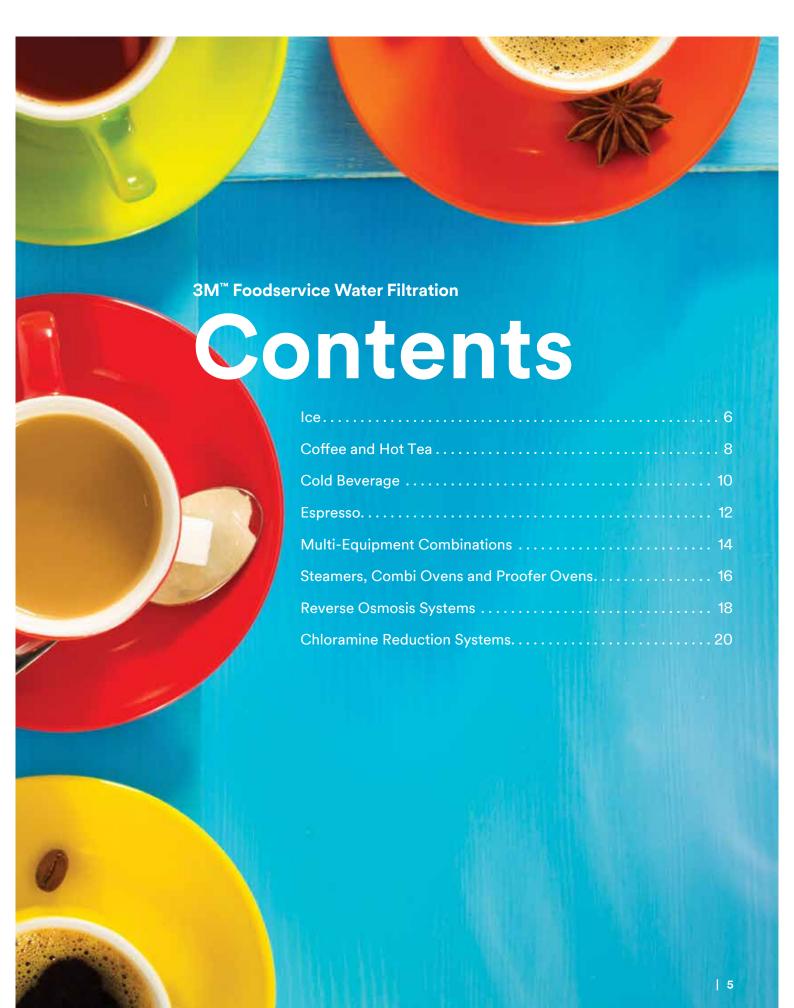

4>

the chlorine taste and odor reduction capacity of the leading competitor's pre-coat filter

Cartridges feature a 5 micron pre-filter wrap

the product label.

Cold, hard fact:

## Ice is 100% water. You want to keep it that way.

1 cartridge can deliver over 216,000 pounds of ice

#### The Solution:

3M<sup>™</sup> Water Filtration Products provide built-in scale inhibition as well as chlorine taste and odor and particulate reduction. This can help to reduce service calls and downtime—increasing bottom line profitability.

### **Ice Water Filtration Systems**

Have 100% confidence in your water.

Ice					
Model	Replacement Cartridge	Flow Rate (GPM)	Capacity (Gals)	Reduction Claims	
ICE120-S	HF20-S	1.50	9,000	Particulate, chlorine taste and odor, cyst <sup>1</sup> , scale	
ICE125-S	HF25-S	1.50	10,000	Particulate, chlorine taste and odor, scale	
ICE140-S	HF40-S	2.50	25,000	Bacteria², particulate, chlorine taste and odor, cyst¹, scale

ICE160-S	HF60-S	3.34	35,000	Bacteria², particulate, chlorine taste and odor, cyst¹, scale	
ICE165-S	HF65-S	3.34	35,000	Particulate, chlorine taste and odor, scale	
ICE190-S	HF90-S	5.0	54,000	Bacteria², particulate, chlorine taste and odor, cyst¹, scale	
ICE195-S	HF95-S	5.0	54,000	Particulate, chlorine taste and odor, scale	

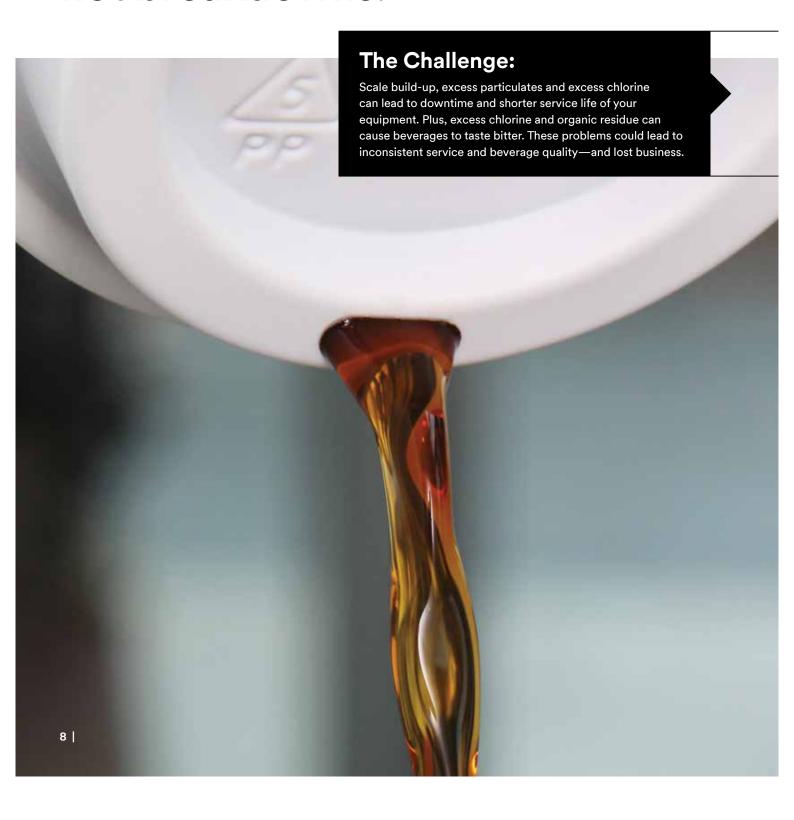

<sup>&</sup>lt;sup>1</sup> Based on the use of Cryptosporidium parvum oocysts. <sup>2</sup> As tested with E. Coli ATCC (11229). Tested and verified by manufacturer's laboratory.

### The bitter truth:

### Guests want coffee breaks, not breakdowns.

#### **Coffee and Hot Tea Water Filtration Systems**

Give your customers coffee breaks they can count on.

The Solution:

Coffee and Tea					
Model	Replacement Cartridge	Flow Rate (GPM)	Capacity (Gals)	Reduction Claims	
BREW110-MS	HF10-MS	1.00	3,500	Particulate, chlorine taste and odor, cyst <sup>1</sup> , asbestos, scale	
BREW115-MS	HF15-MS	1.00	3,500	Particulate, chlorine taste and odor, scale	
BREW120-MS	HF20-MS	1.50	9,000	Particulate, chlorine taste and odor, cyst <sup>1</sup> , scale	
BREW125-MS	HF25-MS	1.50	10,000	Particulate, chlorine taste and odor, scale	
BREW130-MS	HF30-MS	1.67	14,000	Particulate, chlorine taste and odor, cyst <sup>1</sup> , scale	

<sup>&</sup>lt;sup>1</sup> Based on the use of Cryptosporidium parvum oocysts.

### Let's be clear:

## Excess particulates can clog your revenue streams.

### The Solution:

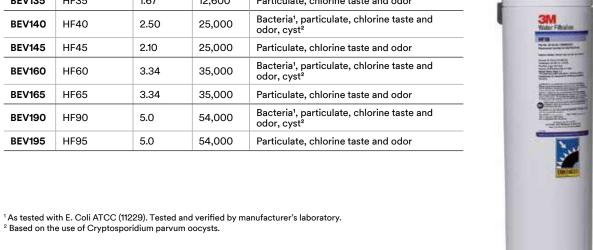

Sanitary Quick Change designed systems from 3M™ Water Filtration Products reduce particulates and chlorine taste and odor.

#### **Cold Beverage Water Filtration Systems**

Keep your revenue streams flowing with great tasting beverages and happy customers.

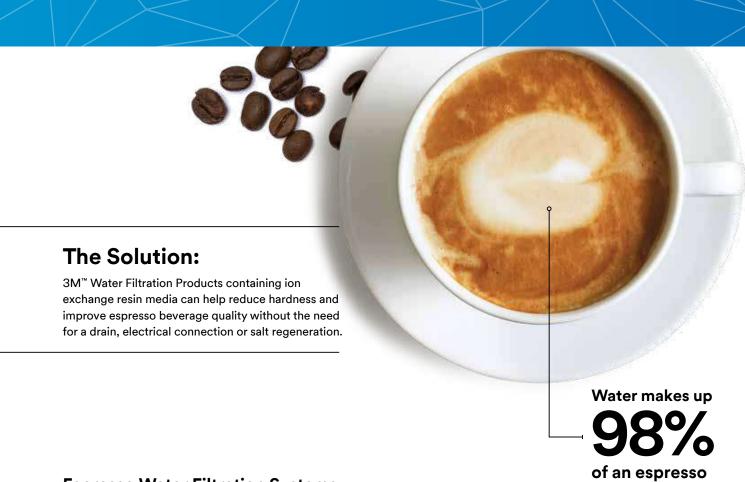

Cold Beverage					
Model	Replacement Cartridge	Flow Rate (GPM)	Capacity (Gals)	Reduction Claims	
BEV130	HF30	1.67	14,000	Particulate, chlorine taste and odor, cyst <sup>2</sup>	
BEV135	HF35	1.67	12,600	Particulate, chlorine taste and odor	
BEV140	HF40	2.50	25,000	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup>	
BEV145	HF45	2.10	25,000	Particulate, chlorine taste and odor

	BH3-NPT Head				
Model	BH3M-NPT Head				
	BH3WM-NPT Head				

### **Water 101:**

### Fewer filters means less waste.

### The Solution:

3M™ Dual Port and Dual Flow systems are engineered to provide high flow rates, high capacities and the benefits of individual equipment filtration in a single compact package.

> 1 filter of leading

competitor filters\*

### **Multi-Equipment Water Filtration Systems**

Reduce scale build-up, chlorine taste and odor and chloramines with 3M™ Water Filtration Products.

Multi-Equip	Multi-Equipment						
Model	Replacement Cartridge	Flow Rate (GPM)	Capacity (Gals)	Micron	Reduction Claims		
DP260	CARTPAK DP260	6.68	70,000	0.2	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup> , scale		
DP190	CARTPAK DP190	5.0	54,000	0.2	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup> , scale		
DP290	CARTPAK DP290	10.0	108,000	0.2	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup> , scale

DP390	CARTPAK DP390	15.0	162,000	0.2	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup> , scale		
DF290-CL	CARTPAK DP290-CL	2.66 Bev 5 Ice	25,000	0.2	Bacteria <sup>1</sup> , particulate, chlorine taste and odor, cyst <sup>2</sup> , chlora- mines, scale		

<sup>\*</sup> One of 3M's HF90 cartridges has six times the membrane/media surface area, four times the sediment holding capacity, and greater chlorine taste and odor reduction than four of the leading competitor's water filters.

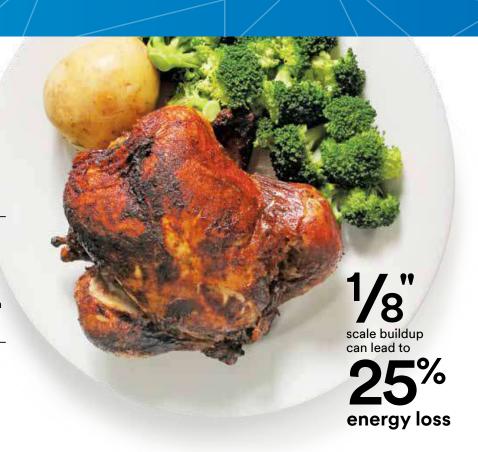

¹ As tested with E. Coli ATCC (11229). Tested and verified by manufacturer's laboratory.

<sup>&</sup>lt;sup>2</sup> Based on the use of Cryptosporidium parvum oocysts.

### **Filtration fact:**

## The right filter could save a \$20,000 machine.

### The Solution:

3M™ Water Filtration Products Reverse Osmosis Systems are designed for cost-effective reduction of scale in steam equipment.

#### **Steam Equipment Water Filtration Systems**

Help protect your expensive back-of-house equipment from poor water quality.

Steamers, Combi Ovens and Proofer Ovens					
Model	Capacity	Applications	Reduction Claims		
SGLP-075	75 gpd* (283.9 lpd)*	Countertop flash steamers	Particulate, chlorine taste and odor, TDS		
TFS450	Up to 300 gpd (1,135.6 lpd w/o blending)**	Coffee	Particulate, chlorine taste and odor, TDS		
ScaleGard <sup>™</sup> HP	750 gpd* (2,839 lpd) w/o blending*	Steamers	HF90-CL-RO cartridge: Bacteria <sup>1</sup> , particulate, chloramines, CTO, cyst <sup>2</sup> HFRO500 cartridge: TDS		
SGLP100-CL	100 gpd* (379 lpd)*	Combi Ovens, Steamers	Particulate, chlorine taste and odor, TDS, chloramines		

Maximum 18-month change-out recommended. Periodical evaluation of membrane recommended for optimum quality and flow.

<sup>\*</sup>RO production rates listed are at a water pressure and temperature of 60 psi and 77°F producing water at atmosphere.

\*\*RO production rates listed are at a water pressure and temperature of 70 psi and 77°F producing water at atmosphere.

\*\*RO production rates listed are at a water pressure and temperature of 70 psi and 77°F producing water at atmosphere.

As tested with E. Coli ATCC (11229). Tested and verified by manufacturer's laboratory.

### **Cold hard fact:**

### It's easy to solve hard water issues.

Hard water is found in more than

#### **Inside a Reverse Osmosis Membrane**

**RO Permeate** 

Water

Permeable

Support Layer

Flow

(Reject Water)

#### The Solution:

3M™ Water Filtration Reverse Osmosis Systems are designed to reduce hardness minerals, particulates and chlorine taste and odor that can cause equipment to require service, decreasing profitability.

#### **Reverse Osmosis Water Filtration Systems**

Get the water quality and consistency you need for success in the competitive foodservice industry.

Reverse Osmosis Systems

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property.

Warranty, Limited Remedy and Disclaimer: Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability: Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
